Chateau de Bagatelle

On a wager with Marie Antoinette, in 1780, the Comte d'Artois (later Charles X, the second King of the Restoration), built an entrancing little chateau, with its charming gardens in the incredibly brief time of 64 days. The outlay was three million francs.

"C'est magnifique!", exclaimed Marie Antoinette, on catching her first glimpse of the beauty spot which became an enduring reminder of her wager. "'Mais, non, c'est une bagatelle'" answered the gallant Comte d'Artois. So in this romantic manner the name "Bagatelle" originated.

The gardens of the Chateau de Bagatelle, near Paris, were used as testing grounds to determine the value of new roses sent from all parts of the world, a most interesting place. So is the Bagatelle Nursery with its specimen evergreens, ornamental trees, Rhododendrons and new Azaleas. A cordial welcome awaits you.

Conditions of Sale

PRICES

Prices are F.O.B. our nursery based on our selection.

The prices named in this list cancel all prices and sales conditions quoted in previous lists.

Prices herein mentioned are based on current market quotations and are subject to change without notice.

TERMS

All terms are net cash with order. We will gladly extend credit to established accounts. Cash or satisfactory trade or bank references must accompany all orders from purchasers unknown to us. Interest at 6% per annum will be charged on all overdue accounts.

Claims must be made in writing; we cannot entertain any claims that are not made within ten days after receipt of the stock.

We give no warranty, express or implied, as to life, description, quality, productiveness, or any other manner of any nursery stock, seeds or plants that we sell. However, we make every effort to supply healthy true-to-name stock and will refund the purchase price of, or replace, any stock that upon satisfactory proof is found to be otherwise. We accept all orders subject to crop conditions, errors in count, and with the understanding that the same shall be void should injury befall the stock because of hail, frost or other cause beyond our control.

BALLING AND BURLAPPING

The cost of balling and burlapping of all evergreens, Rhododendrons and Azaleas is included in the price quoted; also for plants marked B. & B. For all other material marked B.R. (bare root) an extra charge will be made as follows:
